Time in Nature = A Healthier You
What do students say about Nature Rx?

“...We can still go outside and admire nature’s beauty regardless of the weather. Met some humble, beautiful and perseverant people who as you can tell came prepared for the weather!...Thank you to Emeritus Professor Dr. Peter Davies for giving us a very informative tour of the Cornell Botanical Gardens.”

~Nature Rx at Cornell’s Facebook page
Nature featured: Cornell Botanical Gardens

“In all my years of working with plants, I’ve never slowed down to really examine and appreciate them as much as I learned how to do on the Mindful Botany walks”

~Dawn Dailey O-Brien
Nature featured: Cornell Botanical Gardens

“During the dark days of winter, a lot of people go [here] to get their fix of color.”

~Addy Smith-Reiman
Nature featured: Liberty Hyde Bailey Conservatory

Check out the Cornell Botanic Gardens for a current schedule of walks and tours!
Find nature in any season:

- Visit the Liberty Hyde Bailey Conservatory
- Bundle up and take a walk around Beebee Lake
- Ice skate in Cass Park

- Hike Cascadilla Gorge
- Go apple picking at Indian Creek Farm
- Visit the Apple fest and Wizarding Weekend on the Commons
- Walk through the Willard Straight Rock Garden
- Try out the Skunk Cabbage 10k
- Take a walk through Stewart Park
Nature Rx is built on the principle that time spent in nature is therapeutic and contributes to personal well-being.

It was built on a model developed by a group of Washington D.C. physicians and the National Parks Service. Parks Rx and Park Prescription programs have grown significantly worldwide.

Nature Rx at Cornell is a dynamic and growing movement of people and organizations across the university who come together with a shared passion for the ways in which the natural beauty of our campus can positively impact every person’s well-being.
Get out into nature this weekend!
