**Cornell Physical Therapy Mission Statement:**

The mission of Cornell Physical Therapy, a division of Cornell Health, is to provide the highest possible patient-centered, value-driven, and evidence-informed care to our entire patient population in an inclusive, customer-friendly, safe environment, from initial intake to discharge. Achieving best possible outcomes for our patients in a cost-effective manner is the primary goal of our entire staff.

**Cornell Physical Therapy Vision Statement:**

To be the first-choice provider of physical therapy services to all eligible members of the Cornell community by providing excellent patient care through individualized patient treatment and education; working in collaboration with Cornell Health providers, and other referring clinicians, to achieve superior patient outcomes in a timely and cost-effective manner.
