

NO SHARPS

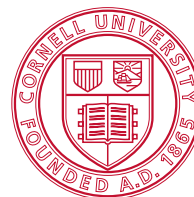

Dispose of Needles Safely

Protect Others from Injury:

Do not put
needles/syringes
in the trash.

Environmental Health & Safety
sp.ehs.cornell.edu

Use a Sharps Container.

If you don't have one ...

sharps containers can be
purchased at (and returned to)
the Cornell Health pharmacy*

Until you get one ...

1. Put needles inside an empty,
durable, plastic bottle.
2. Seal top and label "sharps."
3. Take to Cornell Health
pharmacy* for proper disposal.

* no questions asked

*Sharps container:
a puncture-resistant and leak-proof
container with a one-way top used
to dispose of needles/syringes.*
