

# Sexual Health Care

*Sensitive and confidential services  
and resources at Cornell Health*

Cornell Health's medical and mental health providers strive to deliver care that is respectful and responsive to students' diverse needs, experiences, gender identities, sexual orientations, and values.

## Sexual health services

- **Preventive sexual health exams and screenings** including wellness exams, sexually transmitted infection (STI) screenings, and Pap smears / cervical cancer screenings
- **Contraception consultation and prescriptions** including prescription and emergency birth control, and IUD and Nexplanon placement
- **Sexually transmitted infection (STI) prevention** (including PrEP/PEP), plus testing and treatment
- **Safer sex supplies in our pharmacy** including condoms and personal lubricant
- **Pregnancy testing and consultation**, including pregnancy options referrals
- **Counseling and support** for concerns related to relationships, identity, intimacy, sexual functioning, and sexual trauma

## Other related services

- **Gender-affirming care** including hormone therapy
- **Assistance to victims of assault** through our SHARE office ([share.cornell.edu](http://share.cornell.edu))

## Appointments

Schedule an appointment by calling 607-255-5155 during business hours. Most appointments can also be scheduled by logging in to our secure patient portal, myCornellHealth, accessible from any page of the Cornell Health website. (To schedule an appointment with a victim/survivor advocate, visit [share.cornell.edu](http://share.cornell.edu).)

## Cost for care

Ithaca students pay \$10/visit for most Cornell Health services. Some services have no cost, including preventive medical visits (like asymptomatic STI screenings) and some counseling services. Learn more at [health.cornell.edu/costs](http://health.cornell.edu/costs).

## Confidentiality

Your care at Cornell Health is confidential. If you have questions about confidentiality – related to billing, health records, or anything else – visit our website, or speak with your Cornell Health provider.
